智能升级，精工致远——智能化检测系统赋能 3C精密制造新升级

INTELLIGENT EMPOWERMENT, PRECISION EXCELLENCE — INTELLIGENT INSPECTION SYSTEM DRIVES NEW UPGRADE IN 3C PRECISION MANUFACTURING

撰写/Authors: 祝宇琪

在科技飞速发展的今天，3C电子产品正以前所未有的速度迈向轻薄化、高集成化。从超窄边框的智能手机到极致纤薄的平板设备，每一处细微的结构设计都凝聚着工艺的极致追求。与此同时，消费者对产品外观精度与结构一致性的要求也日益严苛，这不仅关乎产品的美观与手感，更直接影响其装配良率与使用体验。面对日益提升的质量标准和不断加快的生产节奏，传统依赖人工的检测方式已显乏力。

Driven by rapid technological progress, 3C electronic products are evolving toward greater slimness and integration. As consumer and industry requirements for precision, quality and consistency grow increasingly stringent, traditional manual inspection can no longer satisfy modern high-speed production and quality standards.

人工检测不仅效率低下、耗时耗力，更因主观判断差异难以避免误判与漏检，难以匹配现代智能制造对“高精度、高效率、高一一致性”的核心诉求。

Manual inspection is inefficient, labor-intensive, and time-consuming. Subjective inconsistencies inevitably lead to misjudgment and missed detections, making it unable to meet the core demands of modern intelligent manufacturing for high precision, efficiency, and consistency.

为应对挑战，公司推进质量管控智能化升级，引入了先进的检测系统，并快速与3C产品生产线集成。这标志着我们在精密制造和质量控制上实现了关键突破，迈向自动化、数字化和智能化。

To address these challenges, PMI has driven the intelligent upgrade of quality management by introducing advanced inspection systems, which have been rapidly integrated into 3C product production lines. This marks a key breakthrough in precision manufacturing and quality control, as we step into automation, digitalization and intelligence.

该系统专为手机类产品量身打造，聚焦关键尺寸与平面度等核心参数，具备以下核心优势：

Designed specifically for mobile phone products, the system focuses on key parameters including critical dimensions and flatness. Its core advantages are as follows

精准高效，数据说话

Precise, Efficient, Data-Driven

采用高精度视觉识别与激光扫描技术，实现非接触式全自动测量，确保部件符合公差标准，真正实现“用数据定义品质”。

Adopting high-precision visual recognition and laser scanning, the system achieves non-contact fully automatic measurement, ensuring components meet tolerance standards and realizing “quality defined by data.”

全流程自动化，提质增效

Full-Process Automation for Higher Quality & Efficiency

从自动上料、智能检测到实时判定与分拣，全程无需人工干预，检测速度显著提升，缩短生产节拍，有效支撑大批量订单交付。

From automatic loading and intelligent inspection to real-time judgment and sorting, the entire process requires no manual intervention. It greatly improves inspection speed, shortens production cycles, and supports mass order delivery.

智能分析，质量可追溯

Intelligent Analysis & Quality Traceability

检测数据实时采集、存储，通过大数据分析，快速定位工艺偏差，助力生产团队调整参数，实现闭环管理与持续优化。

Inspection data is collected and stored in real time, with visual quality reports generated. Through big data analysis, process deviations can be quickly identified, supporting parameter adjustment and achieving closed-loop management and continuous optimization.

此次智能化检测系统的落地，不仅是设备的更新换代，更是生产理念的深刻变革。它不仅减轻了一线员工的重复性劳动，更将质量控制从“事后补救”转向“过程预防”，从“经验驱动”迈向“数据驱动”。

The implementation of the intelligent inspection system represents more than just equipment upgrade; it marks a profound transformation in production philosophy. It reduces repetitive tasks for frontline workers, shifting quality control from post-event remediation to in-process prevention, and from experience-driven to data-driven. In the era of intelligent manufacturing, we pursue precision for long-term growth.

智造时代，精工致远。我们正以坚定步伐，迈向高质量发展的新篇章。

With steady determination, we are opening a new chapter of high-quality development.

携手拉曼大学金宝校区 共绘校企协同发展新卷

STRENGTHENING INDUSTRY-ACADEMIA COLLABORATION WITH UTAR KAMPAR

撰写/AUTHORS: DR LIM YING PIO
PATRICIA CHUA

2026年2月10日，PMB与PMI赴拉曼大学（UTAR）金宝校区开展战略访问。代表团由PMI人力资源总经理曾谢琴女士领衔，Dr. Lim、Ms. Patricia Chua随行，以人才共育、科研共创、绿色共生为核心，深化校企合作内涵，擘画产学研融合发展新蓝图。

On 10 February 2026, PMB Aluminium Sdn Bhd and Press Metal International Ltd (PMI) conducted an official strategic visit to Universiti Tunku Abdul Rahman (UTAR) Kampar Campus. The delegation was led by Ms. Diana Zeng, HR General Manager of PMI, accompanied by Dr. Lim and Ms. Patricia Chua. The visit aimed to deepen University-Industry Collaboration (UIC) in talent development, research partnership, and sustainability initiatives.

愿景同频，产教相融聚合力

Aligning Vision: Industry Meets Academia

交流伊始，拉曼大学娓娓道来办学初心，系统阐释其深耕优质教育、践行社区服务的使命，以及培育适配产业发展的应用型人才的育人方向。随后，PMB与PMI通过企业宣传片、业务全景简报，向校方全景展现集团组织架构、全球产业布局与核心业务版图，让校企双方在发展理念与需求对接上同频共振。

The engagement began with a comprehensive presentation by UTAR, outlining its mission to deliver quality, community-driven education and produce industry-ready graduates. In return, PMB and PMI presented our corporate structure, global operations, and core business activities through corporate videos and portfolio briefings.

人才培育为本次座谈的核心议题。我方重点推介集团标准化实习项目，为莘莘学子搭建从校园到产业的实践桥梁、成长阶梯，不仅提供一线工业实操体验、系统化技术培育，更配备专属职业导师全程护航，助力学子实现专业能力与职业素养的双重进阶。秉持企业社会责任初心，我方亦为学业优异、家境有需的学子，详解专项奖学金申请通道，以绵薄之力助力青年才俊逐梦前行。

A key focus of the discussion was talent cultivation. We highlighted the strengths of our structured Internship Programme, which provides students with hands-on industrial exposure, technical competency development, and professional mentorship. In line with our commitment to social responsibility, we also shared scholarship opportunities for academically outstanding students requiring financial assistance.

针对工程与绿色科技学院、商业与金融学院应届毕业生，代表团系统解读集团的职业发展体系与晋升通道，彰显集团打造高素质复合型人才储备库、为产业发展注入持久人才活力的坚定决心。

Career pathways within the Press Metal Group were introduced to graduating students from the Faculty of Engineering and Green Technology (FEGT) and the Faculty of Business and Finance, reinforcing our commitment to building a strong pipeline of future-ready professionals.

科创赋能，研用协同践绿色

Advancing ESG Through Research & Innovation

本次访问的高光时刻，是与工程与绿色科技学院罗博士开展的科研深度交流会。拉曼大学厚积薄发，充分展现其科研硬实力：在污水处理与生态保护、协同污染治理技术研发、碳排放减排策略研究、可持续绿色创新项目开发等领域，积淀深厚、成果丰硕。而这些研究方向，与集团的 ESG 发展核心、可持续发展战略蓝图高度契合，为双方在联合研发、环境优化、技术攻坚等方面的深度合作，铺展了前景可期、潜力无限的合作画卷。

A major highlight of the visit was a research-sharing session with Dr. Lo from FEGT. UTAR demonstrated strong research capabilities in:

- Wastewater management and environmental protection
- Synergistic pollution control technologies
- Carbon emission reduction strategies
- Sustainable and green innovation projects

These research strengths align closely with Press Metal's ESG priorities and sustainability roadmap. The potential for collaborative R&D, environmental optimisation, and technical problem-solving presents promising opportunities for joint initiatives.

实验室参访环节，代表团走进拉曼大学现代化科研基地，近距离观摩化学与环境检测高精分析仪器，感受前沿科研硬件实力。这些先进设施，既是高校学术研究的坚实基础，亦是产业技术落地的专业支撑，可提供与产业发展精准对接的分析检测服务，让科研成果从实验室走向生产线，实现研用协同、知行合一。

筑基长远，携手同行启新程

A Foundation for Long-Term Strategic Partnership

During the laboratory tour, the delegation was introduced to UTAR's state-of-the-art research facilities equipped with advanced analytical instruments for chemical and environmental testing. These facilities not only support academic research but also provide industry-relevant analytical services, offering valuable technical support for industrial applications.

此次拉曼大学金宝校区之行，不仅深化了 PMI、PMB 与拉曼大学三方的相知相融，更为三方构建长期稳定的战略合作伙伴关系，筑牢了互信之基、合作之石。这场交流，早已超越单纯的人才招聘与实习安置，更开启了三方联合科研、绿色创新、项目共建、知识互鉴的多元合作新局。

This visit has strengthened mutual understanding and laid a solid foundation for long-term collaboration between PMI, PMB, and UTAR. Beyond talent recruitment and internship placements, the engagement opens avenues for joint research projects, ESG-driven innovation, sustainability initiatives, and technical knowledge exchange.

我们将始终深耕运营精益求精，坚守生态守护与环境责任初心。而与拉曼大学这类高水平高校携手，正是企业培育产业未来人才、推动绿色技术创新突破、构建更具韧性与可持续性产业生态的关键之举。未来，三方将以此次访问为契机，凝聚共识、深化协作，让产学研融合的成果在产业沃土与高校校园中落地生根、开花结果，为产业高质量发展与高等教育人才培养，注入双向赋能的澎湃动能。

As Press Metal continues to drive operational excellence and environmental stewardship, partnerships with institutions such as UTAR are instrumental in cultivating future talent, advancing green technologies, and building a more sustainable industry ecosystem.

“

春节假期已结束，我们带着坚定的初心与美好的期许回归工作。新的一年，愿每一位拼搏者都能怀揣新春的祝福，收获成功，绽放潜能，执笔写下属于自己的奋进故事。

The Spring Festival holiday has ended, we return to work with determination and hope. As the new year begins, may every hardworking person embrace the festival's blessings, achieve success, make the most of their potential, and write their own inspiring stories.

砥砺前行，踏上星光新征程

EMBARK ON A NEW STARRY JOURNEY, FORGE AHEAD WITH PERSEVERANCE

撰写/Authors: 祝宇琪

新年新气象，开工伊始我们共同见证了澳美高新与轻金属研究院的乔迁盛事。新环境预示着新机遇，新空间承载着新梦想，新起点标志着新征程。这不仅仅是办公场所的物理迁移，更是战略版图的拓展与发展阶段的重大跨越。

A New Year brings a new outlook. At the very start of work, we witnessed together the grand relocation of PMIT and the Light Metal Research Institute. A new environment ushers in new opportunities, a new space nurtures new dreams, and a new starting point marks a new journey. This is more than a physical move of our office premises; it represents the expansion of our strategic layout and a major leap forward in our development phase.

新环境孕育新机遇，新空间激发新潜能，新起点承载新使命。作为技术孵化与高端制造的核心平台，PMIT始终肩负着推动产业创新、引领产业升级的重要使命。在新的办公环境中，公司将持续加大研发投入，优化创新生态，加速科技成果转化，努力打造行业技术高地，为区域经济发展注入强劲动能。

A new environment fosters new opportunities, a new space unlocks new potential, and a new starting point shoulders new missions. As a core platform for technological incubation and high-end manufacturing, PMIT has always undertaken the important mission of driving industrial innovation and leading industrial upgrading. In this new office environment, the company will continue to increase R&D investment, optimize the innovation ecosystem, accelerate the transformation of scientific and technological achievements, strive to build an industrial technological highland, and inject strong impetus into the development of the regional economy.

与此同时，轻金属研究院新办公区的正式启用，将为集团在新材料领域的技术突破提供强有力的支撑。研究院将以新环境为依托，进一步汇聚高端人才，整合创新资源，聚焦轻金属材料的关键技术攻关，推动产学研深度融合，力争在核心技术上实现更多原创性、引领性突破，助力集团在全球产业链中占据更有利的位置。

Meanwhile, the official commissioning of the new office area of the Light Metal Research Institute will provide robust support for the Group's technological breakthroughs in the new materials sector. Leveraging this new environment, the Institute will further gather high-end talents, integrate innovation resources, and focus on tackling key technologies for light metal materials. It will drive the in-depth integration of industry, academia and research, strive to achieve more original and leading breakthroughs in core technologies, and enable the Group to secure a more advantageous position in the global industrial chain.

乔迁新址，是企业发展的新起点，更是迈向卓越的新征程。这不仅是一次硬件设施的全面提升，更彰显了公司对技术创新的执着追求、对产品升级的坚定信念、对高质量发展的庄严承诺。新的一年，我们以科技为笔，以实干为墨，书写高质量发展的崭新篇章。每一次技术迭代，我们都追求极致精准；每一次战略扩张，我们都秉持责任担当。我们坚信，新环境将成为孕育创新成果的沃土，新设备将为产品品质提供坚实保障。

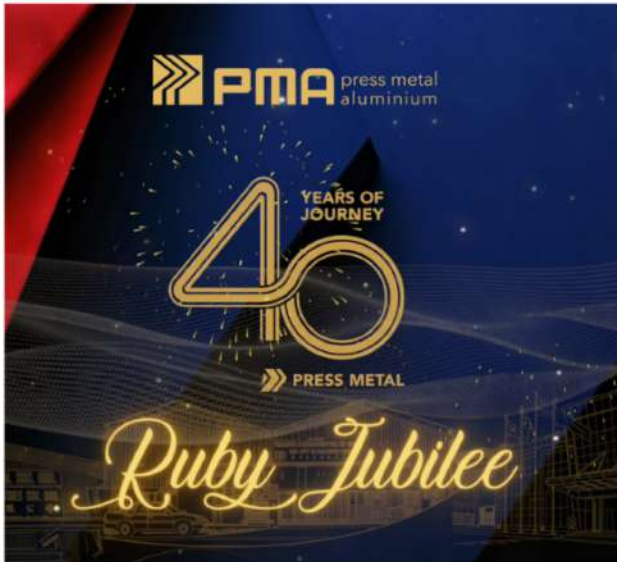

Moving to a new premises marks a new starting point for the enterprise's development and a new journey toward excellence. This is more than a comprehensive upgrade of hardware facilities; it underscores the company's persistent pursuit of technological innovation, unwavering belief in product upgrading, and solemn commitment to high-quality development. In the new year, we will take technology as our brush and solid action as our ink to write a brand-new chapter of high-quality development. We strive for ultimate precision in every technological iteration and uphold a sense of responsibility in every strategic expansion. We firmly believe that the new environment will become a fertile ground for nurturing innovative achievements, and the new equipment will provide a solid guarantee for product quality.

扩张从来不是终点，而是新征程的起点。站在新的历史方位上，澳美高新将秉持“创新、协同、责任、卓越”的企业精神，以更加开放的姿态、更加昂扬的斗志、更加务实的作风，持续提升企业综合实力，积极履行社会责任，为行业进步赋能，为客户价值护航。未来，我们将继续与合作伙伴携手并进，与全体员工同心同行，在高质量发展的道路上策马扬鞭，奋勇前行，共同谱写更加辉煌灿烂的明天！

Expansion is never an end, but the starting point of a new journey. Standing at this new historical juncture, Aomei Hi-Tech will uphold the corporate spirit of "Innovation, Collaboration, Responsibility and Excellence". With a more open mindset, more high morale and a more pragmatic approach, we will continuously enhance the enterprise's comprehensive strength, actively fulfill social responsibilities, empower industrial progress and safeguard customer value. In the future, we will continue to forge ahead hand in hand with our partners and walk side by side with all employees, ride forward with vigor on the path of high-quality development, advance courageously, and jointly compose a more brilliant and splendid tomorrow!

PMBA Annual Dinner 2025

RUBY JUBILEE: FROM HUMBLE BEGINNINGS TO GROWING TOGETHER 从平凡起步到共同成长

07 February 2026 (Saturday): Our Ruby Jubilee Annual Dinner marked a heartfelt milestone – 40 years of Press Metal’s journey.

我们的红宝石禧年年会，不只是庆祝，更像是一束灯光把大家照向同一个方向，向前。40年的底气在这里，而今晚要点亮的，是下一段路：走得更稳、更远，一起驭势向前。

From a small extrusion press in Puchong, manual operations, and a handful of employees, our Group CEO, Tan Sri Dato’ Koon Poh Keong, reminded us how Press Metal began with determination, learning, and perseverance.

What started with scraps, small billets, and big dreams has grown through years of hard work – powered by dedicated people and trusted partners.

从马来西亚雪兰莪州蒲种的一台小型挤压机、手工操作和少数几位员工开始，集团首席执行官丹斯里拿督管保强提醒我们：齐力的起步靠的是决心、学习精神和坚持不懈。

从废料、小型铸坯到宏大的梦想，这一路走来，离不开敬业的员工，也离不开可信赖的合作伙伴。

Our COO, Lim Heng Kam, shared how 2025 brought uncertainty, but we stayed disciplined and focused on long-term capability building. We advanced automation, expanded capacity, and strengthened R&D – including progress at PMPV Samalaju and upgrades at our Klang plant. Beyond equipment, we continued to invest in our people, processes, and quality to support higher-value products and long-term partnerships.

首席运营官林廷鑑表示，2025 面对不确定性，我们依然稳住节奏，专注长期能力建设。我们在自动化、产能扩展与研发上持续推进，包括砂拉越民都鲁沙玛拉如 PMPV 项目进展及巴生厂升级。更重要的是，我们同步进行人才培训、打磨流程与质量，夯实基础，支撑高价值产品与加强长期合作。

It was also an evening of reflection and gratitude – remembering those who built our foundation, honoring stakeholders who have walked this journey for decades, and appreciating partners through our Partnership Appreciation Awards, which recognize our valued partners for their dedication, coordination and collaboration as we grow together.

借由合作伙伴表彰奖，我们向所有合作伙伴致意：谢谢一路并肩的支持与信任。

Celebration Highlights: Fun, Talent, CYCAL Spirit

The evening sparkled with creativity and energy.

With AI-driven stage visuals and videos, guests didn't just see our creativity, they could sense that we're moving with the times, always pushing forward.

这次年会最特别的地方，是我们把“展望未来”做成一场大家看得懂、也感受得到的体验。舞台视觉和影片大量运用 AI 特效与制作，让来宾不仅看到我们的创意，也感受到我们一直在跟着时代往前走。

Another thoughtful touch was transforming a trending plushie into a take-home gift. The debut of our CYCAL plushie wasn't just cute; it brought our commitment to sustainability and circularity into everyday life — in a way that felt closer, warmer, and more real.

另一份小巧思，是把时下流行的毛绒玩偶变成伴手礼，CYCAL 毛绒玩偶首次亮相，不只是可爱，更是把我们对可持续与循环经济的坚持，用更贴近生活的方式带回每个人的日常。

And what moved everyone most were the three stage performances by our colleagues. From reflections on the past to the road ahead, their sincere energy reminded us of something constant: at the heart of our story are our people — and the culture we've built together.

当然，最打动人的还是同事们的三场舞台表演，从回顾到未来，那份真诚的投入让人很有感：齐力最核心的，始终是人，以及我们一起拼出来的文化。

As we look ahead, guided by the spirit of the Horse, we move forward with humility, ownership, resilience, direction, and endurance.

展望未来，我们将以马年的精神为指引，带着谦逊、担当、韧性、方向感和持久力继续前行。

40 years of progress is the confidence and foundation that powers our next move. With a shared purpose, we move forward together.

四十年的累积，是我们一起驭势未来的底气与支撑。在坚实的基础和共同的目标下，我们将继续携手，把下一段旅程走得更稳、更远。

“Forged like ruby, through time, pressure, and perseverance.”
“如红宝石般锻造——历经时间、压力与坚持。”

PMPV Chinese New Year Dinner 2026

PMPV 2026 新春团圆晚宴

The PMPV CNY Dinner brought management and staff together in a warm festive atmosphere filled with laughter and appreciation.

PMPV 新春晚宴汇聚管理层与员工，在温馨喜庆的氛围中共享欢乐时光。

In celebration of the Chinese New Year, PMPV successfully hosted a festive dinner attended by management and staff from various departments.

为庆祝农历新年，PMPV 成功举办新春团圆晚宴，管理层与各部门员工齐聚一堂，共度佳节。

The evening was filled with laughter, appreciation, and meaningful connections, reflecting PMPV's strong teamwork culture. Colleagues gathered around shared tables, enjoyed festive dishes, exchanged New Year wishes, and captured memorable moments together.

为庆祝农历新年，PMPV 成功举办新春团圆晚宴，管理层与各部门员工齐聚一堂，共度佳节。现场气氛温馨热烈，同事们共享佳肴，互致新年祝福，并通过合影留下美好回忆。

More than a celebration, this dinner strengthened bonds and reminded us that our success comes from unity and collaboration.

现场气氛温馨热烈，同事们共享佳肴，互致新年祝福，并通过合影留下美好回忆。这不仅是一场聚餐，更是一次凝聚团队、彼此感恩的重要时刻。

撰写/Author: Jorgina James

On 25 February, we carried out a Fire Drill to strengthen our emergency readiness and ensure everyone is familiar with evacuation routes, muster points, and safety procedures. The exercise also helped us observe real movement flow and identify areas we can improve to make evacuation smoother and faster.

于2月25日，我们组织了一场消防疏散演练，目的在于检验公司生产安全事故应急预案的有效性，提高全体员工的消防安全意识及紧急应变能力，同时让大家在“真实情境”中练习如何快速、有序地撤离，也作为后续优化的依据，进一步提升整体应变效率。

After the drill, our EHS Manager reminded all teams of a key expectation: act immediately when the emergency ring/alarm sounds. In an emergency, seconds matter. Prompt action, clear coordination, and disciplined movement are essential to protect lives and reduce risk.

演练结束后，EHS经理特别提醒各部门：当紧急警报/铃声响起时，务必第一时间采取行动。真正的紧急情况不会给我们“再确认一下”的时间，越早反应、越有纪律地执行步骤，就越能降低风险、保护同事安全。

Moving forward, we will continue to focus on improving our emergency evacuation time through better awareness, quicker response, and consistent practice.

接下来，我们将持续推动改善措施，重点提升紧急疏散用时与现场协同速度。

To further build practical knowledge, the EHS team invited a third-party professional to conduct a fire extinguishing demonstration, covering key do's and don'ts for safe and proper extinguisher use.

Let's stay alert, respond fast, and keep each other safe.

为加强实战意识，EHS团队也邀请第三方专业单位进行灭火器使用示范与宣导，现场讲解遇到火警关键的“该做与不该做以及如何选择正确的灭火器类型。

让我们一起保持警觉，把安全真正落实在每一次行动里。

撰写/Author: Branda Yap

齐力澳美通过广东省高新技术企业重新认定

PMI SUCCESSFULLY RE-CERTIFIED AS HIGH-TECH ENTERPRISE IN GUANGDONG

撰写/Authors: 祝宇琪

近日，齐力澳美顺利通过了广东省高新技术企业重新认定，并再次被授予“高新技术企业”称号。该称号由广东省科学技术厅等三家机构联合评定，旨在表彰企业在科技创新领域的突出贡献。此次认定彰显了齐力澳美在研发投入、技术创新和知识产权方面的实力，也体现了公司在行业中的领先地位和竞争力。

Recently, PMI has successfully passed the re-accreditation as a High-Tech Enterprise and has once again been awarded the title of "High-Tech Enterprise". This title is jointly assessed by the Guangdong Provincial Department of Science and

Technology and other relevant authorities, aiming to recognize outstanding contributions made by enterprises in the field of scientific and technological innovation. This accreditation underscores PMI's strength in R&D investment, technological innovation, and intellectual property rights, and also reflects the company's leading position and competitiveness in the industry.

多年来，齐力澳美坚持创新驱动，不断加大研发投入，聚焦核心技术攻关。通过高效的研发团队和优化的管理流程，我们在产品升级与技术应用方面取得了显著成果。此次顺利通过重新认定，体现了齐力澳美在知识产权、科技成果转化和研发管理水平等方面的综合实力。

For years, PMI has pursued an innovation-driven strategy, steadily increasing R&D investment and focusing on core technology R&D. Leveraging an efficient R&D team and optimized processes, we have delivered significant results in product upgrades and technology applications. This re-accreditation underscores PMI's strengths in IP, tech achievement transformation, and R&D management.

高新技术企业重新认定成功，不仅是对齐力澳美团队不懈努力的认可，更是激励未来发展的重要里程碑。通过这次重新认定，齐力澳美将进一步获得政策支持和资源倾斜，有利于吸引高端人才和拓展市场。企业将以此次认定为契机，持续推进科技创新，增强核心竞争力，促进高质量发展，为行业进步和区域经济建设做出更大贡献。

Successfully passing the High-Tech Enterprise re-accreditation is not only recognition of the team's tireless efforts but also a significant milestone inspiring future growth. This re-accreditation will further enable PMI to access policy support and resource allocation, facilitating the attraction of high-end talent and market expansion. Taking this re-accreditation as an opportunity, the company will continue to drive technological innovation, enhance core competitiveness, promote high-quality development, and make greater contributions to industrial progress and regional economic development.
